

7TRB FIELD MANUAL

For the People • By the People • Built for Motion

© 2025 7Tribes • Mainhouse Oasis LLC

Chapter 1 — The Vision

We were never meant to beg for access. 7TRB re-routes value to the communities that generate it. Every wallet, every trade, every purchase becomes a receipt of power returning home.

Detroit Liberia Global

Start local. Prove it. Then scale. Detroit pilots the model. Alkebuleum powers the chain. Africa unlocks continental motion, beginning with Liberia.

Chapter 2 — How It Works

7TRB thrives through three moving parts:

Members — Hold some 7TRB, spend some, bring one new person. Motion compounds.

Builders — Propose projects, ship work, get paid in 7TRB from the DAO.

Merchants — Accept 7TRB, get buyback support from Treasury, recycle back into local spend.

Treasury Flywheel

Treasury funds builders, supports merchant buybacks, and stakes liquidity. That stabilizes price and keeps value in-network.

Chapter 3 — Join the Economy

Connect Wallet (AmVault or MetaMask) • Join WhatsApp • Pick a role: Member, Builder, Merchant.

Earn 7TRB through referrals, verified tasks, and merchant rewards. All flows visible in the Transparency Hub and Dashboard.

Chapter 4 — The Blueprint

Cap supply. Grow utility. Keep circulation inside the tribe. When Alkebuleum DEX is live, pair with \$AKE and deepen liquidity.

Detroit pilots Liberia scales partners replicate.

Governance Basics

Simple proposals public votes receipts on-chain. Treasury reports quarterly.
Transparency by design.

This is where it begins

Not another coin. A culture, on chain. If you want in, move with us — even small steps count. Circulation is power.
